

Le Méli-Mélo des Animaux

Le matériel :

Du papier épais, une paire de ciseaux, de la colle, tes crayons préférés.

1. Commence par imprimer cette page sur du papier épais.

Découpe la boîte et plie la selon les pointillés.

Mets de la colle sur les languettes avec une * et assemble la boîte.

Demande de l'aide à papa ou maman si tu n'y arrives pas.

2. Imprime les pages avec les animaux sur du papier épais.

Colorie les, si tu as choisi les pages en noir et blanc, puis découpe chaque animal en trois morceaux.

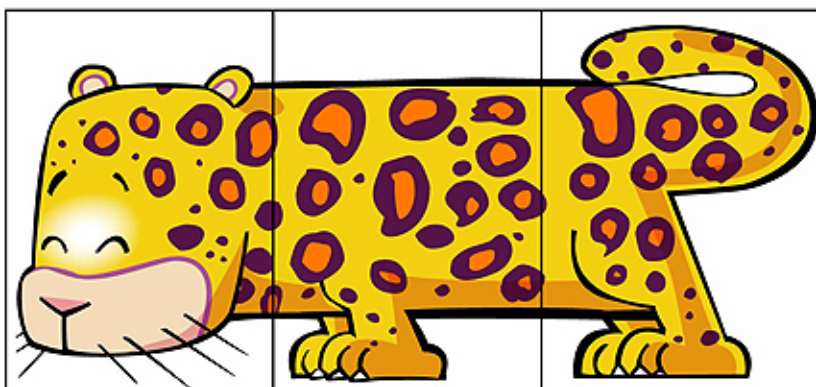

Si tu veux que tes cartes ne s'abîment pas trop vite, tu peux même les plastifier.

3. Tu peux maintenant jouer avec les cartes de plusieurs manières :

- La plus facile, pour les plus petits, consiste à mélanger toutes les cartes, faces imprimées visibles et à reconstituer les animaux.
- La seconde consiste à mélanger et à disposer les cartes en ligne, faces imprimées cachées, à la manière d'un memory et à reconstituer les animaux.
Le vainqueur sera celui qui à la fin de la partie aura reconstitué le plus grand nombre d'animaux.
- Dernière possibilité, tu peux créer des animaux bizarres et ainsi voir à quoi pourrait bien ressembler le cacasodon, le bougoutin, le datien ou le mumichacéros !

Enfin, pour que ce soit encore plus rigolo, tu peux imprimer les animaux sur du papier magnétique, ainsi tu pourras aussi jouer sur ton frigo !
